

# BERETTA

December 21, 2015

TO WHOM IT MAY CONCERN:

Please accept this letter of recommendation for CPQP International LLC, located at 105 Shore Vista Lane, Greer, SC 29651. Beretta U.S.A. Corp. hired CPQP partway through construction of a large factory in central Tennessee and we quickly realized that we would have been much better off had we retained CPQP from the beginning of the project. The CPQP staff dedicated to our project brought a level of expertise to the building construction planning and cost estimating that we lacked using our own internal resources. In a polite but persistent and incisive manner, CPQP staff dug deeply into the details of our building project, found ways to reduce costs and were able to provide us with clear, understandable guidance about what elements of the building design were essential and what could be improved without increasing costs.

CPQP was always responsive on an immediate basis to any inquiries that we had concerning the project and basically became a critical part of our project management team. I recommend CPQP without reservation to anybody beginning construction of a new facility or to anyone already engaged in such an endeavor.

Sincerely,

BERETTA U.S.A. CORP.
